"Bored"

GAMES

St. Patrick's Day Parade

For 1 to 4 players

How to play

The youngest player starts and then move clockwise to the next player.

The dice determines how many places to move and in which direction.

If a player lands on a Shamrock, they are safe and cannot be moved by another player.

If a player lands on a Leprechaun, they miss the next turn.

When a player lands on a spot with another player already there, then that player is moved backwards to the next vacant spot.

However, if the spot is a Shamrock, then that player must go back to their original spot (where they were before the dice was thrown).

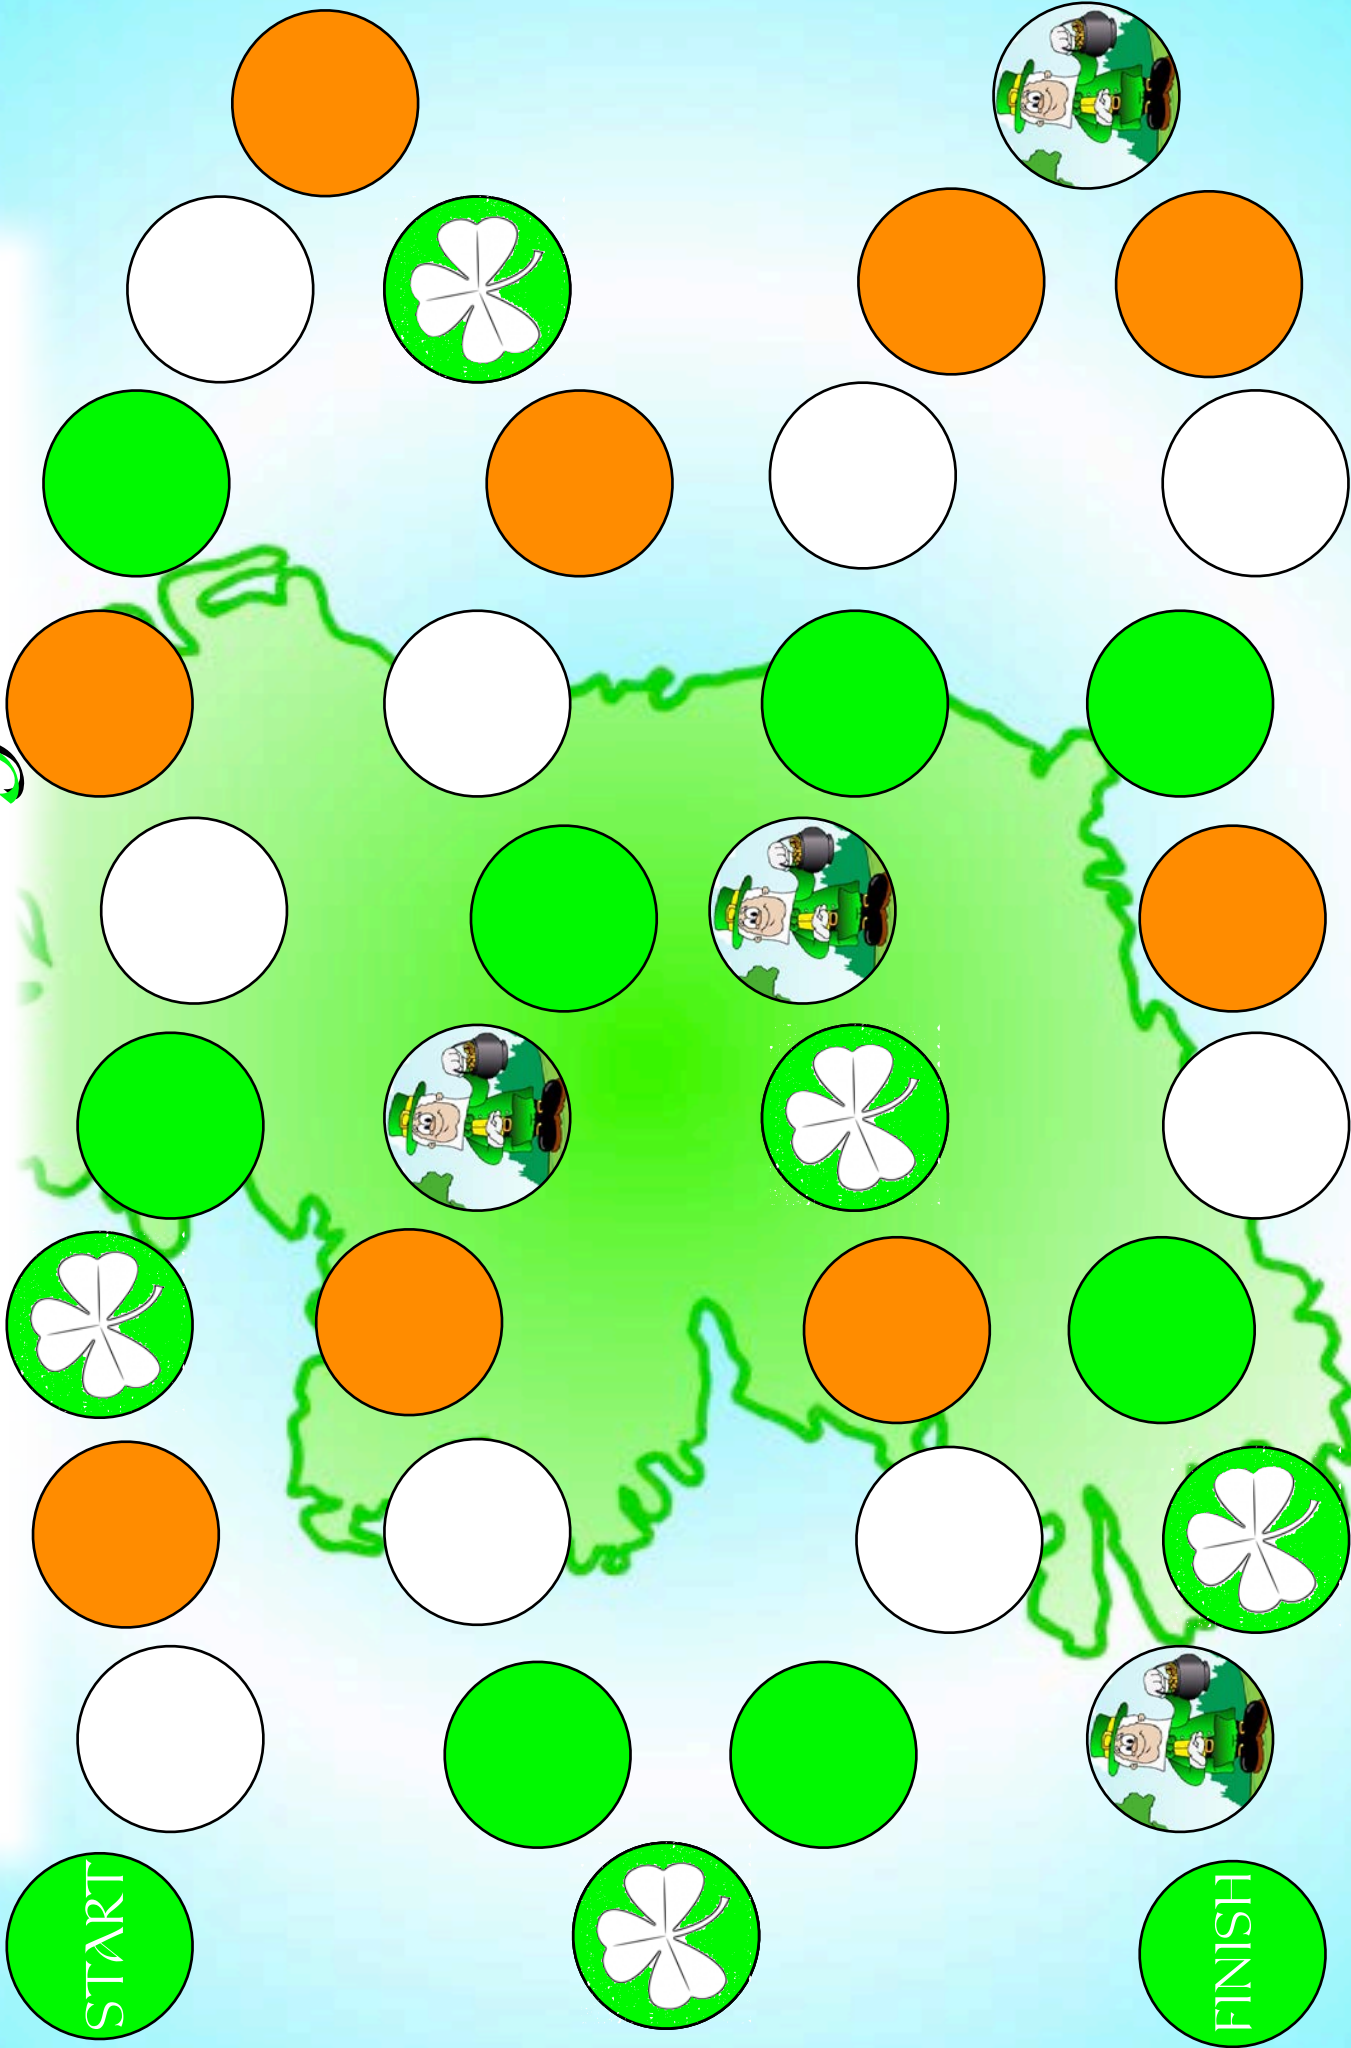

If the spot is a Leprechaun, then the player who occupied the spot moves back to the next vacant spot and the player who threw the dice takes the Leprechaun spot and misses the next turn.

To win a player must throw the number needed to land on the "Finish" spot.

"Bored"

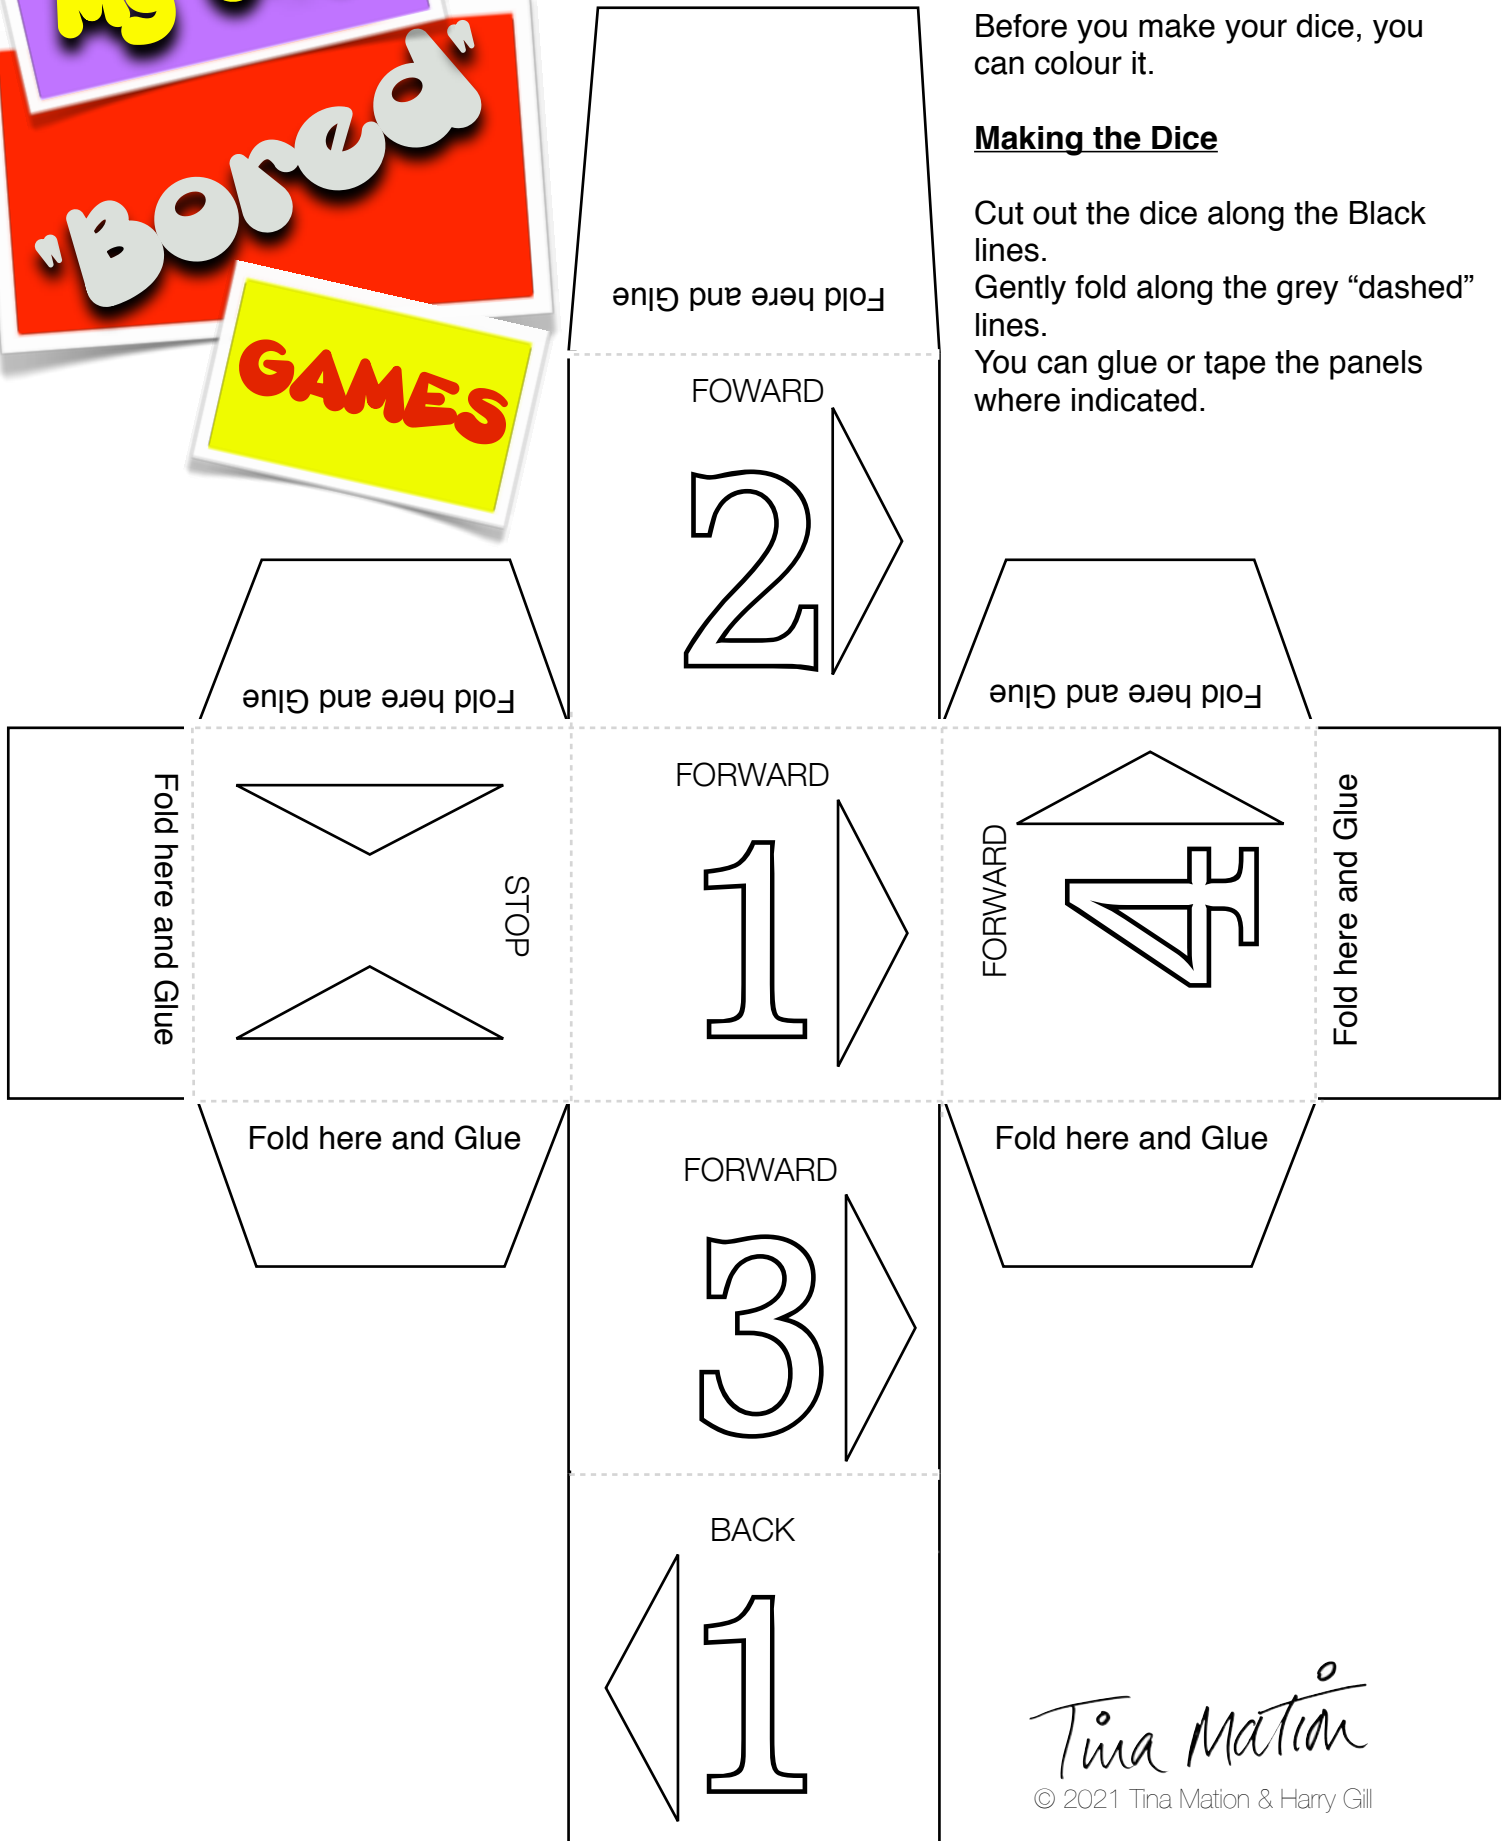

GAMES

Before you make your dice, you can colour it.

Making the Dice

Cut out the dice along the Black lines.
Gently fold along the grey "dashed" lines.

You can glue or tape the panels where indicated.

SKETCHERS

Art Course in a Box

Sketchers 8 week Creative Art & Animation Classes

Tina created the three part course for children to learn how to Draw and Animate, while all the time developing their own skills, confidence and self esteem in a fun and creative class.

The three parts are:

Sketchers: (8 weeks) where you learn how to draw, colour, paint and animate.

In-Betweeners: (8 weeks) improve your drawing and colouring skills while at the same time learning more animation techniques.

Animators: (8 weeks) in this module you will learn how to create and animate in classic 2d animation.

Everything you need for the course is in the box!

Art Pad, Sketch book, 2 Pencils, 2 Pens, 1 Eraser, 1 Pencil Sharpener, 1 Paint Set, Colouring Pencils, Crayons, Elastic Bands, Project Sheets (week 1 to 8), Drawing Paper, Painting Card and Art Folder.

Everything needed for the course comes in the box. The classes are limited to 12 screens and are produced using multiple cameras to help the students get the most from the classes.

Weekly Projects Sets

This is an 8 week course with a live class each week plus additional projects with programmes and additional resources on the website.

Ask Tina for advice about your Art

They can also contact Tina during the course for more advice and help with their art.

Every week you can send your artwork to the Gallery

Students will be asked to send Tina a photo of their work each week, where she can let them know how well they are doing and offer advice. There is a 'class' gallery where the artists work can be displayed.

New Course Starts March 15th
